

Volunteer Confidentiality Agreement

Applies to all volunteer roles — Meal Support, Support Companion, and Diaper & Feeding delivery

As a volunteer with South Central Kansas Mother Support Coalition, Inc. (“SCKMSC”), I understand and agree to the following:

What Confidentiality Means Here

Anything I see, hear, or learn about a family, their address, circumstances, needs, or personal details, while volunteering is confidential. This applies whether I'm delivering a meal, dropping off diapers and formula, or visiting as a Support Companion.

What I Agree Not to Do

I will not discuss a family's circumstances, living situation, or personal details with anyone other than SCKMSC's designated staff contact, including other volunteers, friends, family members, or on social media, even without using names or identifying details.

Why This Matters

Families reach out to us in vulnerable moments, often when they need help the most. Trusting that their privacy will be protected is part of what makes it possible for them to ask for support in the first place.

Acknowledgment

I have read and understand this confidentiality agreement and voluntarily agree to its terms.
